We make every effort to ensure that our customers are happy with the level of service, and the products and service they receive from us. However, despite our best efforts, things can go wrong. We take customer complaints very seriously and aim to resolve them quickly and efficiently.

Our Code of Practice on Complaint Handling and Dispute Resolution explains how customers can complain. The code also provides information on we deal with complaints and your right to take unresolved complaints to Alternative Dispute Resolution. You can find a copy of our Complaints Code on our website at www.uniteldirect.co.uk alternatively, copies are available free of charge and on request from our Customer Service Team on 0844 745 1111

If you have a complaint about any part of our service, please contact our Customer Service Team on 0844 745 1111. Our advisors will ask you about your complaint and seek to resolve the problem while you are on the line. During any discussions we will protect the privacy of the information that we hold on you. To do this we may have to ask you questions to confirm that we are speaking to the right person.

You may also send your complaint to us in writing Unitel Direct, DBH Business Centre, Coxwold Way, Billingham, Cleveland, TS23 4EA

We will try to resolve your complaint quickly and efficiently, and to keep you informed at all times. If your complaint is not resolved to your satisfaction, you can take it further within our company, and ultimately to the Chief Executive at the above address. If we cannot resolve the problem, we will write to you to say so.

If you remain unhappy and wish to pursue your complaint further, if your complaint has been outstanding for more than 8 weeks or you have received a letter from us saying that your complaint has reached "deadlock", then you may ask for help from CISAS 0207 520 3827 email: info@cisas.org.uk,

Alternatively, if at any time you are not satisfied with the progress of your complaint you can ask us to agree an early referral to ADR (i.e. that we issue a deadlock letter). However, we

may decline to do so if we do believe we will shortly resolve your complaint and are taking active steps to do so.

CISAS is an independent organisation which is approved by Ofcom to provide an alternative dispute resolution (ADR) service at no cost to consumers. Ofcom approved ADR sort out disputes between communications providers and their consumer and small business customers. Their job is to investigate complaints fairly by listening to both sides of the story. They look at the facts given to them before recommending any action that may be needed to put things right.

Part 2 Unitel Direct Code of Practice for Premium Rate Services and NTS Calls

Purpose of this Code of Practice

This Code informs you about our policies on providing information on Premium Rate Service (PRS) calls and on our charging policy for call to NTS and PRS numbers

Premium rate services

Premium rate services (PRS) are telephone numbers that offer some form of information or entertainment that is charged to your phone bill. UK-based PRS numbers are normally prefixed by “09”. Typical services include TV votelines, mobile ringtone downloads, technical helplines, charity fund-raising and adult entertainment.

Charges for these services are added to your telephone bill. Calling a PRS number generally costs between 10 pence and £1.50 per minute, per call or per text (incl. vat). Calling these services from, for example, mobile phones, cable networks or public payphones will generally cost more than the advertised rate. Our charges for calling these services are shown in our price list, which is available on request from our Customer Services Team 0844 745 1111

If you have a problem with PRS, we can help. We can provide advice on checking the number of PRS charges that appear on your bill and will try to help you identify the premium rate service provider. We can use call barring to restrict access to “09” numbers. Please call our Customer Service Team on 0844 745 1111 for advice on this. We can give you a factsheet on PRS.

You can also ask for help from PhonepayPlus, which is the industry-funded regulatory body for Premium

Rate Services. PhonepayPlus operates a code of practice that sets out standards for the operation of PRS. You can use the PhonepayPlus website at www.phonepayplus to check PRS numbers direct or to download a complaint form. PhonepayPlus has legal powers to require a provider of PRS to amend its service or promotional material (or both) and can also impose penalties on content service providers. For other ways to contact PhonepayPlus, see the "Useful addresses" section below

Number translation services

Number translation services (NTS) are based on numbers that are normally pre-fixed "08 and 03". For example, 0800 and 0808 are used to provide freephone services (some freephone services are also provided on 0500 numbers). 0844 and 0845 numbers are used for dial-up pay-as-you-go Internet access and customer service helplines. 0870 and 0871 numbers are used for information services, technical helplines and telephone banking. They are also used by organisations to help them provide callmanagement features such as intelligent call routing and fax-to-email services.

Charges for calling services on NTS numbers are added to your telephone bill and prices range from free up to a maximum of 50p per minute or per call (incl. vat). Calling these services from, for example, mobile phones, cable networks or public payphones will generally cost more than the advertised rate. Our charges for calling these services are shown in our price list, which is available on request from our Customer Services Team 0844 770 6060. We can also give you a factsheet on NTS.

If you are unhappy with the help you have received from us on a problem with PRS or NTS, please contact our Operations Manager, Tel 0844 745 1111 customerservices@uniteldirect.co.uk, who has responsibility for compliance with our code of practice for PRS and NTS. You may also complain using the complaints procedure set out in this code including, ultimately, referring your complaint to CISAS.

Internet diallers

If you use the Internet, it is possible for software to be placed on your computer without you knowing – using the same methods as for computer viruses. This type of software (known as Internet or rogue diallers) can then make calls to PRS and NTS numbers without your knowledge. Software is available to detect this activity and we can help you to access this – please contact our Customer Services Team 0844 745 1111 for details. PhonepayPlus has been given responsibility for policing this type of activity and you can contact them via www.phonepayplus.org.uk to ask for help or to report examples of this type of abuse. For other ways to contact PhonepayPlus, see the "Useful addresses" section below. We can also help by barring calls to 09 numbers.

The Telephone Preference Service

If you don't want to get sales and marketing calls you have not requested, you can add your details to a list run by the Telephone Preference Service (TPS). If your name is on the list, it is illegal for a company to call you for marketing purposes. You can contact the Telephone Preference Service via www.tpsonline.org.uk or by telephoning 0845 070 0707.
